New Era of Environmental Cooking Equipment

Europe, We Are Ready!!!

YPT-0012-0001

CE CERTIFICATION

Environmental = Low Noise + Energy Saving

Our goal is to manufacture world-recognized cooking equipments complying the international standard. Our equipments already recognized by CSA and NSF, which enable us to export to US and Canada; in 2008, we move one step further and obtain the CE certification. Our equipments are certified by **CE0051(IMO) / CE0063(KIWA)** and it is fully compliance with EN203 standard. With this certification, we are eligible to penetrate the countries of European Union. We have also integrated the "Environmental-Friendly" concept into these equipments, which achieve the purpose of energy-saving and cost efficiency. We are proud to present the NEW CE certified cooking equipments — Europe, We are Ready!
