## FLAME-MATE

The newly designed Tandoor oven takes us a step further in the product range of catering equipment industry. The exterior of the Tandoor oven is fully made of stainless steel and the clay chamber inside is imported originally from India. This allows every single crepe baked in this Tandoor oven to perfection and have a taste of India.

1. Integrated control panel consists of pilot, flame and safety valve

2. Battery for electronic igniter - can be replaced easily and quickly

3. "Indian - taste" internal clay pot with S/S exterior & S/S cover

4. Removable S/S oil container is located on counter top for chef convenience

5. Flame observation window - Allow chefs to monitor and adjust power level

### Other Features

- Entire Stainless Steel exterior
- Accessories (Hook & Needle) included

- S/S cover and castors included
- Insulated design to increase heat efficiency
- Tailor - made exterior decorated model upon request

### Optional Accessories

- Gas regulator
