Intech induction cooker series is our innovative developed product line. Induction concept can provide a safe, energy-saving and user-friendly working environment. The product range includes 2.4 to 5kW, flat top or wok type, table-top or built-in for different application to satisfy your needs.

TSR-678

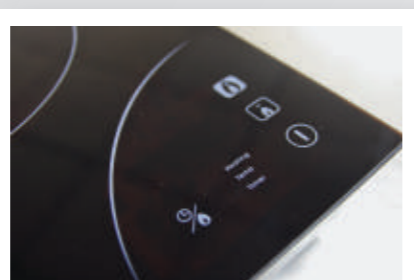

1. Micro computer control system
2. 20 power levels for adjustment, multi-cooking mode

3. Cable control, perfect fit for buffet counter
4. 240 minutes digital timer with automatic shut off
5. Keep warm function
6. Error Indicator

TSI-688A

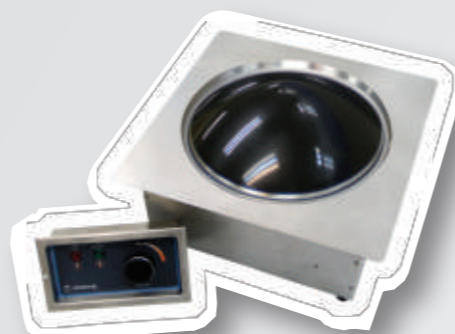

1. Electronic touch sensitive panel with LED display
2. Suitable for table-top or built-in
3. 8 power levels for adjustment, multi-cooking mode
4. Error indicator
5. 200 minutes timer
6. Residual heat warning indicator

TSW-500B

TSW-350T

TSW-350B

1. Turning knob with 15 power levels for TSW-350T ; 5 power levels for TSW-350B & TSW-500B

2. Built-in induction wok

TSM-350T

TSM-350B

1. Residual heat warning indicator

2. Built-in turning knob control for drop-in models

3. Turning knob control panel for table-top model
4. 15 (for TSM-260T), 5 (for TSM-350T, TSM-350T2 and TSM-350B) power levels for adjustment, multi-cooking mode
5. Double unit model is available for TSM-350T and TSM-350B

Features of Induction Cooker Series

Schott CERAN Cooktop

- Cookware suitability check
- Overheat protection alarm
- High temperature cut-off
- Digital display for temperature and power level (TSM-260T)
