

# LEEGO

1. Removable shelf for easy handling

2. 5 level adjustable rack positions

3. Removable oil tray for cleaning purpose

Leego Electric Salamander is made of high-graded 304 Stainless Steel. The analogue temperature control knob makes it easier and quicker to adjust at the right setting. Five levels adjustable rack position is designed for different sizes of food. This unit uses built-in infra-red heaters which can bake the food to golden brown.

4. Oil drain

### Other Features

- Entire Stainless Steel exterior
- 840 alloy heater
- Adjustable thermostatic control
